From the AIA Trust and Victor O. Schinnerer & Company

In today's business world it is more important than ever to find time to protect the business operations of your practice. The AIA Trust presents these instructional needs assessments to evaluate your lifelong learning. This self-assessment test focuses on knowledge of today's health insurance. The more you know the better prepared you are to find appropriate coverage for your practice. The Trust is pleased to provide members with these opportunities to earn AIA Continuing Education System (CES) learning units (LUs). Circle your answers to the following 10 questions and return the test by fax to the AIA Trust, (202) 626-7421. You will earn one LU. You don't have to get a perfect score to receive credit.

Visit the AIA Trust WebSite, www.theaiatrust.com for detailed information on our Property and General Liability insurance as well as Workers Compensation, Business Automobile insurance and Umbrella coverages.
