

# AIA Trust

Insurance & Financial Programs for  
AIA Members & Components

Dear AIA Member:

Congratulations on your new membership! As one of the newest members of the AIA, I want to touch base with you to ensure that you utilize the services available to you as a member.

As a new member, you automatically receive a one-year \$15,000 term life insurance certificate at *no cost to you*—AIA Trust’s gift to you, just for joining the Institute. Simply complete the complimentary membership coverage acknowledgement that you’ll receive in the mail soon after joining. After one year of continuous coverage, you may elect to continue the insurance on your own and may easily upgrade the coverage as well. Or you may discontinue coverage with no obligation.

As a new, first-time AIA member, you are entitled to another benefit – a free, six-month subscription to [LegalLine](#), a legal information service especially designed for architects. To find out how to activate your no-obligation subscription, simply visit the AIA Trust web site, click on “Legal Information Service,” and scroll down to “New AIA Member Benefit” – it’ll tell you how to start getting expert information to make your practice run smoothly!

The AIA Trust serves as a ***free risk management resource*** for AIA members. From white papers written by experts on compelling topics such as the risks associated with sustainable design or the liability associated with electronic data, to guides on starting your own firm or retirement planning, to webinars with special incentives, the AIA Trust offers you a wide range of resources to help you in your practice – and all available with a click! In addition, specialized benefit programs ranging from professional liability and business owners insurance to employee disability and life insurance to retirement plans and discounted auto insurance are all carefully screened by AIA member Trustees and all available to you as an AIA member.

Don’t wait to take advantage of the many benefits and services your membership in the AIA provides. Should you have any questions regarding your membership, please call Information Central at 800-242-3837 or for information on AIA Trust benefits, call 202-626-7376 – or simply [visit us online](#). We look forward to helping you!

Sincerely,
